ASSESSMENT BUILDER

Create custom assignments and assessments for ELA and math

Creating an assessment is easier than ever. With more than 6,400 questions, the Coach Digital Compass Enhanced Assessment Builder offers the power and flexibility to build custom assignments and assessments that meet your classroom needs. Based on student assessment scores, actionable reports continuously inform instruction, recommending Library resources for additional practice and remediation as needed:

Enables you to create assignments from any grade level to target student learning gaps.

Includes tech-enhanced item types to prepare students for state assessments.

Allows you to view and modify the assessment as it is being created, and to customize it for your specific classroom needs.

REPORTING

Keep your students on track with actionable reporting

Actionable reporting enables you to see what standards need more attention from a class or student and suggests which library resources will help students who fall below the score you set for any assignment.

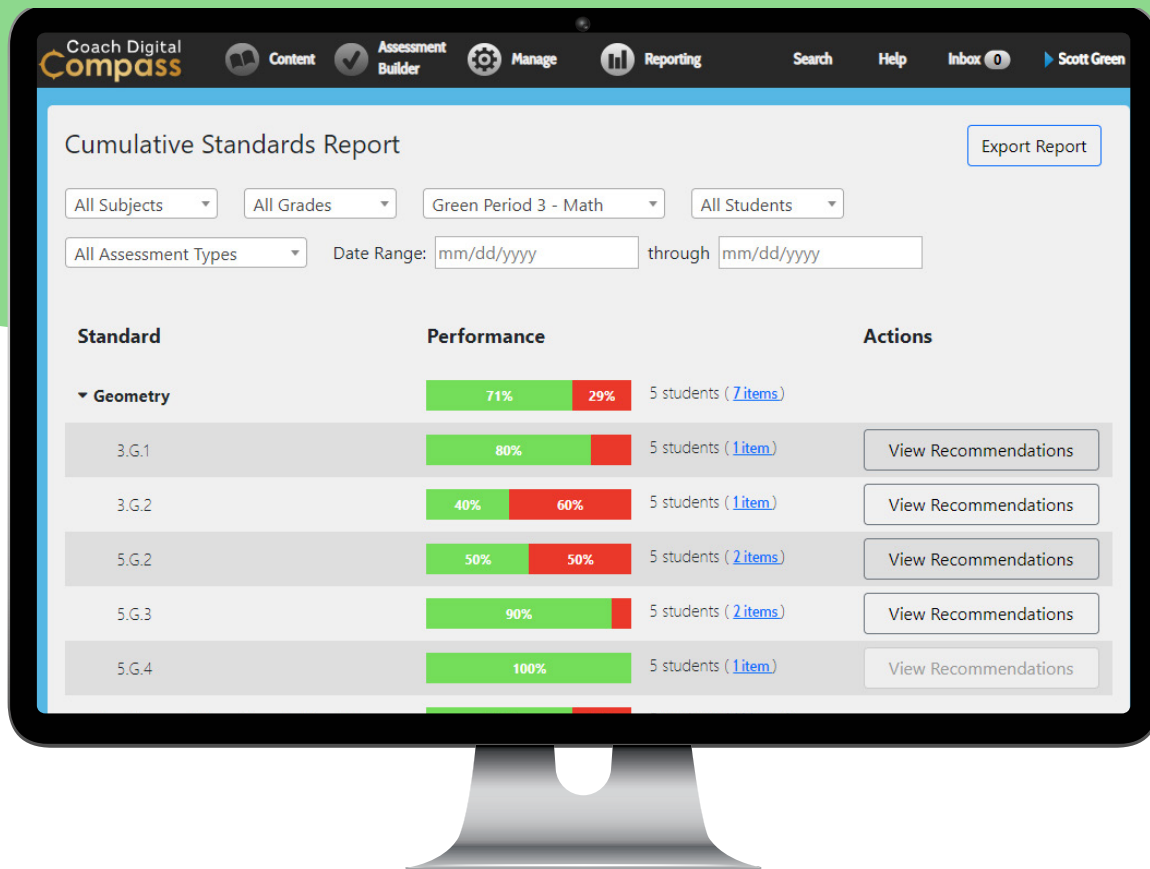

The Cumulative Standards Report aggregates student scores by standard providing valuable insights into students' progress throughout the school year.

The Assignment Report recommends additional lessons for instruction and practice for reteaching.

The Teacher Dashboard provides student and class alerts that show where students are struggling and recommends resources.

Choose the all-in-one instruction and assessment solution that's right for you!
