

Placement Test

Use the Placement Test to determine where individual students should begin the program.
Placement level is not correlated to grade level.

|-------------------------------------|----|
| Placement Test Directions | 1 |
| Placement Test Recording Form | 3 |
| Placement Test | 11 |

Placement Test Directions

Preparation and Administration

- Make a master copy of the **Placement Test**, plus one copy per student of the **Placement Test Recording Form**.
- Select a place to administer the test one-on-one. Choose an area where students will not be distracted or observed as they are being tested.
- When administering the test, sit across from the student and position the Recording Form so the student cannot see what you are writing. Be discreet when recording observations.

Part A: Phonograms

Part A involves naming letters and saying the sounds the letters make.

- Instruct the student to read the list from left to right and to state the name of each letter and the sound it makes.
- Circle each letter on the Recording Form that a student incorrectly identifies.
 - A correct response includes both the correct letter name *and* its sound; if either is incorrect, circle the item.
- Do not prompt the student unless he or she produces only one correct sound for a letter that has multiple sounds.
 - Example: If a student correctly identifies the letter **c** and pronounces it with a soft **c**, /s/, prompt for the hard **c** sound, /k/, by asking, "Is there another sound for that letter?"
- Place the student in **Sounds Sensible** if he or she does not correctly identify all the letters and letter sounds. If a student misses 1–3 consonant sounds, you may choose to teach only the corresponding lessons for those sounds in *Sounds Sensible*, Step 4.
- If the student correctly identifies all of the letters and sounds in Part A, continue testing with Part B.

Part B: Word Lists

Part B is a series of word lists organized by level and concept. It includes words for every concept taught in *S.P.I.R.E.* and *iSPIRE*, Levels 1–6. Some nonsense words are included to assess decoding skill and set it apart from sight recognition. Instruct the student to read these words as if they were real words.

- Instruct the student to start reading the word lists, from left to right, beginning with the Level 1 Word List. Explain that he or she will read each word aloud, slowly and clearly, as you listen carefully.

- Follow along on the Recording Form and circle each word the student decodes incorrectly. To accurately assess the student’s ability to decode, do not prompt the student.
- If the student reads each sound individually before blending the word, count it correct, but mark the word “s/o” for “sounded out.”
- Discontinue if the student makes more than 8 errors on a Level Word List. The discontinue point is where the student is placed in the program.
 - Example: If a student makes 8 errors while reading Level 3 Word List B, the student is placed in Level 3.
- A student who reaches the end of the Level 6 Word List may not need a *S.P.I.R.E.* intervention.

The *S.P.I.R.E. Initial Placement Assessment (IPA)*, which offers a more extensive diagnostic assessment for placement into *S.P.I.R.E.*, is available for purchase.

Placement Test Schedule

| | Errors | Placement or Next Steps |
|--------------------|------------|---|
| Part A: Phonograms | *1 or more | Place in <i>Sounds Sensible</i> . |
| | 0 | Continue with Part B. |
| Part B: Word Lists | 0 to 7 | Continue with Level 2 Word List |
| Level 1 | 8 | Place in Level 1 |
| Level 2 | 0 to 7 | Continue with Level 3 Lists A and B |
| | 8 | Place in Level 2 |
| Level 3A | 0 to 7 | Continue with Level 3 List B |
| | 8 | Place in Level 3 |
| Level 3B | 0 to 7 | Continue with Level 4 Word List |
| | 8 | Place in Level 3 |
| Level 4 | 0 to 7 | Continue with Level 5 Word List |
| | 8 | Place in Level 4 |
| Level 5 | 0 to 7 | Continue with Level 6 Word List |
| | 8 | Place in Level 5 |
| Level 6 | 0 to 7 | Doesn’t need <i>S.P.I.R.E.</i> or <i>iSPIRE</i> |
| | 8 | Place in Level 6 |

* If a student misses 1–3 consonant sounds, the teacher may choose to teach only the corresponding lessons for those sounds from ***Sounds Sensible***, Step 4, before continuing with placement in Level 1.
