Ducks dip in the water for snacks.
Did this duck get one?

Ducks swim on top of the water. Their legs go fast to help them swim.

This duck has a sip of water. Just like us,
ducks must have water.

Ducks run on the water. They do not get stuck. They run fast and flap.

Ducks flap and flap as they are up. They must not stop.

At dusk, mom ducks quack. The moms
want their ducks back in the nest.

But their ducks are not in the nest!
They want to rest on the log.

Lots of big ducks like to rest on logs.
Would you like to rest like a duck?
