

All over California, Literacy Starts with SPIRE

Easy-to-use, research-proven, and aligned with the science of reading, SPIRE® is a comprehensive multisensory reading intervention program. Proven effective in school districts across California, it enables educators to get started with just one day of training.

Here is just a sample of the more than 70 partners in education statewide who have chosen our simple, sustainable and effective SPIRE program to empower California students to become successful readers.
