5 Reasons California Districts Choose SPIRE® to Help ALL Students Learn to Read

SPIRE is a complete multisensory Orton-Gillingham based solution aligned to the science of reading that empowers all PreK-8+ California students with the ability to learn to read.

1

Science of Reading and Structured Literacy

SPIRE helps all students learn to read through foundational reading skills with explicit and systematic instruction.

2

Access for All Learners

Based on the proven Orton-Gillingham approach, SPIRE provides multisensory instruction to teach language and literacy.

3

Multilingual Learner Support

AI-driven reading tutor provides adaptive practice and real-time feedback in English and Spanish.

4

Comprehensive Assessments

SPIRE provides a wide range of assessments, including a dyslexia screener in English and Spanish to track individual student progress towards mastery.

5

Easy to Implement

Cost-effective training for teachers and administrators ensures successful implementation after just one day.

For districts across California, the reasons to choose SPIRE are clear. **Districts have seen proven results and vast literacy gains in just one year.** Empower your students with the ability to learn to read today!
