

TEXAS

Close the Reading Performance Gap in Texas

We're Committed to Advancing Texas Student Achievement

EPS Learning reading intervention solutions are rooted in the science of reading and proven to transform all students — **including beginning readers, at-risk learners, those with dyslexia, and emergent bilingual students** — into successful readers. Our supplemental instruction and practice programs provide **TEKS-aligned** instruction and practice to build essential skills and raise student achievement. Our solutions are easy to implement and easy to use with as little as 1 day of training.

Advancing Learning, Empowering Educators

For more than 70 years, EPS Learning has partnered with educators to advance literacy as the springboard for lifelong learning and opportunity.

SPIRE®

PreK-8+

RTI Tiers 

ESSA Level 

Intensive reading intervention for diverse learners, including students with dyslexia & emergent bilinguals

Put the power of SPIRE's structured, multisensory supplemental curriculum to work in helping all students, including beginning readers, emergent bilingual learners, and those with dyslexia, learn to read. **Covering all five pillars of reading**, SPIRE utilizes the Orton-Gillingham approach to deliver systematic, explicit instruction. This evidence-based, cost-effective program ensures educators can start making a difference with just one day of training.

EPS Reading Assistant

Grades K-6

RTI Tiers 

ESSA Level 

AI-driven tool for personalized reading practice with real-time corrective feedback

Accelerate the literacy skills development of all students. This AI-driven digital tutor provides TEKS-aligned independent, adaptive reading practice, and real-time corrective feedback to quickly advance student achievement. With content, instruction, feedback, and reporting in English and Spanish, it maximizes English Language Proficiency success for emergent bilingual students.

EPS Reading Accelerator

Middle School

RTI Tier 

Fast-tracked reading proficiency for middle schoolers in one year or less

Build phonemic awareness, phonics, and fluency skills with a comprehensive intervention solution that moves middle school readers and emergent bilingual learners toward grade-level reading in one year or less. This science of reading-aligned program features engaging graphics, age-appropriate decodable texts, and a powerful digital Reading Assistant with English and Spanish content for independent practice and in-the-moment tutoring. The evidence-based blended learning program is easy to implement and affordable.

Decodable Readers

Grades K-12

RTI Tiers 

Phonics practice that integrates with any reading program

Reinforce phonics skills and take students beyond decoding to fluency and comprehension. Inspire all students to learn and love reading with engaging, illustrated, age- and reading-level-appropriate storybook libraries featuring fiction and non-fiction decodable texts.

Wordly Wise 3000®

Grades K-12 RTI Tiers 1 2 Print or Digital

Bridge vocabulary and comprehension with direct, engaging instruction

Strengthen the bridge between vocabulary and reading comprehension with direct academic vocabulary instruction and robust online activities delivered in print or a flexible digital format. Available in print or digital format.

SPIRE Next

Grades 3-12 RTI Tiers 2 3

Flexible reading instruction for building comprehension and critical thinking

Provide at-risk students with direct reading instruction, scaffolded practice, and **close-reading strategies** to build comprehension and critical thinking. This skills-based program can be used independently, as a supplement to any phonics or reading program, or for students exiting SPIRE Level 4.

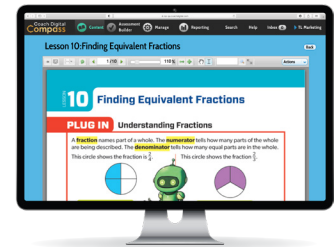

Coach Digital Compass®

Grades 3-8 RTI Tiers 1 2

TEKS-aligned, online curriculum support for essential ELA & math skills

Provide complete curriculum support for on-level and at-risk learners with TEKS-aligned instruction and practice that builds essential skills and raises student achievement in ELA and math. Delivered 100% online, the program includes an extensive standards-based content library and customizable assessment builder.

Texas Coach, TEKS Edition

Grades 3-8 RTI Tiers 1 2

Extra review and practice for mastering TEKS assessments

Provide extensive standards review and practice for TEKS assessments and raise student achievement in Math for each grade. The program includes in-depth introductions to key skills, followed by example problems, and plenty of essential STAAR practice.

Professional Learning

Support for Educators That Promotes Texas Student Achievement

Our Professional Learning team works collaboratively with leadership teams and educators in Texas and nationwide, providing customized professional learning workshops and ongoing support in-person or online. Our team is dedicated to meeting the needs of your diverse student populations and to close the achievement gap in literacy and math for all Texas students.
