VOCABULARY FROM CLASSICAL ROOTS®

What is *Vocabulary from Classical Roots*®?

Vocabulary from Classical Roots is a challenging vocabulary series for grades 4–11. Strategies are taught for determining unknown word meanings using Greek and Latin roots. Knowledge of Greek and Latin roots helps increase vocabulary and reading comprehension, providing students with a useful, transferable technique for making sense of unfamiliar vocabulary across content areas and on standardized tests including the SAT I and II. In addition to each of the student books, the series also includes assessments that cover every word in each lesson. The teacher's key includes teaching suggestions, a glossary of literary and historical references, and answer keys.

Vocabulary from Classical Roots is based on the latest research about best practices in vocabulary development. To download a copy of the research base, visit epsbooks.com/Research.

Customize your own personal tests and quizzes to accompany your *Vocabulary from Classical Roots* lessons. This flexible assessment tool provides a wide variety of prewritten questions to choose from. Ready-to-use tests are also available to help teachers save valuable time.

How is *Vocabulary from Classical Roots* organized?

Each of the eight student books in *Vocabulary from Classical Roots* is designed for one grade level. The complete series spans grades 4-11.

- Book 4, Grade 4
- Book 5, Grade 5
- Book 6, Grade 6
- Book A, Grade 7
- Book B, Grade 8
- Book C, Grade 9
- Book D, Grade 10
- Book E, Grade 11

Each lesson in *Vocabulary from Classical Roots* is based on a specific theme such as "Nature" or "The Law."

Each lesson consists of between 2-4 roots and 8-15 words. All lessons have the following format:

- An introduction to the selected roots and 8-15 words. Dictionary-style definitions include pronunciations, parts of speech, illustrative sentences, and multiple word forms.
- A list of "Familiar Words" and "Challenge Words" in sidebars. This allows for differentiated instruction and provides increased opportunities for vocabulary development.
- Exercise A asks students to apply their knowledge of roots by identifying synonyms and antonyms of key words presented in context.
- Exercise B asks students to identify the sentence in which a key word is used incorrectly. This type of exercise helps prepare students for similar exercises often found on standardized tests.
- Exercise C asks students to think critically by completing sentences with the correct form of the key words. Students must derive meaning from context as well as cross-reference word knowledge with syntax.
- Exercise D (in Books D and E only) gives students the opportunity to experience and apply context through short reading passages.

Features for You

Literary, historical, and geographical references are included throughout the lessons.

Writing is integrated with vocabulary development; every lesson provides expository and creative writing prompts.

Special “Nota Bene” sections provide interesting and valuable information about word histories and etymologies.

Words are presented in multiple forms and with multiple definitions for vocabulary development that far exceeds the 240 key words.

Benefits for Your Students

Students are able to make connections across content areas and increase their cultural and historical understanding.

Students develop their ability to respond to writing prompts incorporating key vocabulary – skills commonly encountered on standardized tests.

Students gain a better understanding of word origins and the evolution of language as well as clarification of commonly confused words.

Students are able to challenge themselves with additional words and word forms and significantly increase vocabulary.

Vocabulary from Classical Roots Tests

Blackline master test books are available for all *Vocabulary from Classical Roots* student books. These reproducible tests include question types commonly found on standardized tests and cover every key word in every lesson. Questions include multiple-choice sentence completions, analogies, and multiple choice questions. More challenging exercises in Test Book E ask students to provide the meaning of an unknown word using a known root, which helps students transfer and apply their knowledge. Like the student books, the test questions often include historical and cultural information. As an assessment tool, the *Vocabulary from Classical Roots* tests are invaluable; as an experience for students they are like the books—challenging, interesting, and fun. (See page 15 for a description of the Online Test Generator.)

How do I fit *Vocabulary from Classical Roots* into my curriculum?

Vocabulary from Classical Roots can be easily incorporated into any language arts curriculum. The student books can be used to teach valuable vocabulary strategies as well as word origins and etymologies. The books can be used independently or as part of a larger language arts or spelling program. The exercises can be assigned as homework, small group work, or they can be incorporated into a whole class lesson.

LESSON 5: LOOKING AT OUR PLANET

Challenge Words with Root AQUA

- aqueduct
- aqueous
- aquifer

2. **aquamarine** (ə' kwə mə rēn)
adj. A bluish-green color.
We watched as the artist mixed small amounts of both blue and green paints to make just the right shade of aquamarine for the seascape.

3. **aquaculture** (ə' kwə kəl chər)
n. The science of raising plants and animals in water.
To see how aquaculture worked, we visited an oyster farm on the coast of Maine.

TERR (from the Latin word *terra* meaning "land")

Familiar Words with Root TERR

- extraterrestrial
- terrarium

Challenge Words with Root TERR

- terrazzo
- terrestrial

4. **Mediterranean** (me də tə rā' nē ən)
n. A large sea between two continents, southern Europe and northern Africa.

At the western end of the Mediterranean Sea is Gibraltar.

NOTA BENE

The Mediterranean of the Roman Empire is seen from the map at two huge lands (*terra*).

5. **subterranean** (səb tə rē ən)
adj. Under the earth.
New York City's subway is a subterranean passage.

6. **terrace** (ter' əs)
n. 1. An area of ground on a hillside that has been leveled in order to grow things.
We could see terraces up the hillside where the farmers planted their crops.

LESSON 5

Looking at Our Planet

The root *aqua* as in *aquarium* means "water." The root *terr* as in *terrarium* means "land." In each of the following key words, underline the root.

Key Words

- | | | | |
|-------------|---------------|--------------|-----------|
| aquaculture | aquatic | subterranean | terrain |
| aquamarine | Mediterranean | terrace | territory |

Using ROOT CLUES

The roots *aqua* (water) and *terr* (land) give you clues about meaning. When you spot one of these roots in a word, you have a key to the word's meaning. Use the underlined root clues to help you match the following columns:

- | | |
|-------------------------------|-----------------------------------|
| 1. _____ sub <u>terranean</u> | A. color of sea <u>water</u> |
| 2. _____ <u>aqua</u> culture | B. under the <u>land</u> |
| 3. _____ <u>terr</u> itory | C. large area of <u>land</u> |
| 4. _____ <u>aqua</u> marine | D. farming <u>water</u> creatures |

The root clues did not give you complete definitions as the following dictionary listings will. But they got you started by giving you *part* of the meaning. Sometimes that *part* helps you figure out the word.

AQUA (from the Latin word *aqua* meaning "water")

Familiar Words with Root AQUA

- aquarium
- Aquarius

1. **aquatic** (ə kwə' tik)
adj. Living in, or having to do with, water.
Whales, dolphins, shrimp, and guppies are all aquatic creatures.

Familiar Words provided for each root help students activate prior knowledge and meet curriculum standards.

Challenge Words for each root give teachers the opportunity to help students expand their vocabulary beyond curriculum standards.

Key Words include high-utility roots and affixes that link to grade-level standards and content-area curriculum.

EXERCISE C: EXTEND YOUR VOCABULARY

The "science/scientist" suffixes: *-logy/-logist*

Sociology is the science that examines the ways people live together in societies. A sociologist is a person who studies sociology or who works in the field of sociology.

The "science/scientist" suffixes *-logy/-logist* are derived from the Greek word *logos*, meaning "word." The suffix *-logy* appears on the word for a science. The suffix *-logist* appears on the word for a person who studies or works in that field of science.

Look at the following words; see if you can fill in the blanks with the correct name for each science.

geology biology psychology paleontology zoology

1. The science of life is _____.
2. The science of animal life is _____.
3. The science of soil and rocks is _____.
4. The science of emotions and behavior is _____.
5. The science of fossils of prehistoric animal and plant life is _____.

Extend Your Vocabulary exercises help students use root and affix clues to determine the meaning of unfamiliar words.

LESSON 6

Connecting

The root *soci* as in *social* means "being part of a group." The root *mem* as in *memory* means "remembering." In each of the following key words, underline the root.

Key Words

antisocial	association	commemorate	dissociate
memento	memorandum	memorial	remembrance
society	sociologist		

Using ROOT CLUES

The roots *soci* (a group of people) and *mem* (remembering) give you clues to meaning. When you spot one of these roots in a word, you have a key to the word's meaning. Use the underlined root clues to help you match the following columns:

- | | |
|----------------------|--|
| 1. _____ sociologist | A. to come together for remembering |
| 2. _____ memento | B. a person who studies a group of people |
| 3. _____ commemorate | C. against a group of people |
| 4. _____ antisocial | D. an object for remembering something special |

The root clues did not give you complete definitions, as the following dictionary listings will, but they helped you with each word by giving you part of the meaning. In addition, the prefix clue *anti-*, meaning "against," was helpful with the word *antisocial* and the prefix clue *com-*, meaning "together," was helpful with the word *commemorate*.

SOCI (from the Latin word *socius* meaning "companion")

Familiar Words with Root SOCI

- associate
- social
- social studies

- 1. antisocial** (an ti sō' shəl)
adj. 1. Unfriendly; not enjoying the company of others.
When our co-worker rushed past us without a greeting, we thought she was antisocial; then we saw the emergency and realized she was going to help.

person who works in each science.
is a _____ .
is a _____ .
is a _____ .
area of study, a science."
person who works in an area of study, a scientist."

Using Root Clues exercises provide students with strategies to unlock the meaning of unknown words.

Dictionary-style definitions give pronunciation, parts of speech, and multiple word forms.

4 Writing or Discussion Activities

1. Animal fables, like those of the Greek writer Aesop, and parables like those found in the Bible, often use analogy. They teach a lesson by illustrating it with a story. Make up a story that teaches a lesson by using an illustrative analogous situation. Your lesson might be something light, such as advice to new high school students, or practical, such as how to know when someone is joking, or more serious, such as a story illustrating a moral principle.
2. Indite a eulogy for yourself, someone you admire, or a fictional or historical character. Let your diction and tone be fitting to a serious and formal occasion.
3. During the Chinese Cultural Revolution, members of the Red Guard carried and quoted from little red books titled *The Sayings of Chairman Mao*, which contained many dicta and edicts of the former Chinese leader. Make up a short collection of such pronouncements typical of a person with whom you are familiar. You might choose a teacher, family member, friend, or personality from history or fiction. Entitle your parody *The Sayings of* _____.
4. People often use circumlocutions to avoid making embarrassing, insulting, or frank statements too directly. Write some circumlocutions to soften the frankness of these statements:
 - a. If we don't eat soon, I'm going to faint.
 - b. You looked better before you cut your hair.
 - c. Your try-out was so bad you didn't even get the part of the messenger.
 - d. This place is too expensive for me.
 - e. I want to drop this class because it's boring.

Writing and discussion activities help prepare students for writing prompts encountered on standardized tests.

2 Matching: On the line at the left, write the letter of the phrase that best illustrates the numbered phrase.

- | | |
|---|--|
| _____ 1. the puissance of a demagogue | A. the domination of a monarch |
| _____ 2. an archive of icons | B. the power of a ruthless leader |
| _____ 3. a redoubt of anarchists | C. the rejection of an organized society |
| _____ 4. the hegemony of a potentate | D. a crowd of people in caps and gowns |
| _____ 5. an aggregation in academic regalia | E. a collection of sacred paintings |
| _____ 6. the renunciation of a polity | F. headquarters of friends of Sacco and Vanzetti |

Books D and E include extended reading passages using the words in context.

3 Fill in each blank with the most appropriate word from Lessons 3 and 4. Use a word or any of its forms only once.

The a) _____ (ancient) Greek city-states have long been cited as the b) _____ (original model) for modern democratic governments. While nearby countries like Persia and Egypt were ruled by all-powerful c) _____s (monarchs), conditions on the Greek mainland and d) _____es (groups of islands) were e) _____ (promoting) to the development of a(n) f) _____ (social organization) where all free men had a voice in their government.

However, scholars often fail to note that this cherished g) _____ (image, representation) of democratic government was in fact a(n) h) _____ (government of the few) that i) _____ (flagrantly) excluded at least two-thirds of the population, including all women and slaves. Although early democracies in Europe and North America were similar j) _____ies (domination by one group) of privileged males, continual reforms have extended the idea of democracy to mean participation in government by all adult citizens.

VOCABULARY FROM CLASSICAL ROOTS

strictures placed on "ladies," Scarlett proves herself a capable businessperson and resourceful estate manager.

Exercise 9C, 6 Singer Joan Baez (b. 1941) is best known for her pure soprano voice and her social activism. Her wide repertoire includes folk and political songs from many cultures.

INTRODUCE Lesson 9

(Book B, page 57)

Tell students that the theme of Lesson 9 is "Sight."

Display, read, and translate this Latin opening quotation from Lesson 9: *Veni, vidi, vici*. "I came, I saw, I conquered." (Note that "Veni, vidi, vici" is pronounced: /wā'nē, wē'dē, wē'kē/)

Explain that this often-quoted remark was made by the great Roman general and orator Julius Caesar.

- Point to *vidi*, explaining that this Latin word for "I saw," is related to words in English having to do with seeing. This is covered in Lesson 9.

PREVIEW Familiar Words

(Book B, pages 58–60)

react, recede, recur, revise, advise, vision

ACTIVITY 1: re

Display the familiar words *react, recede, recur*.

- Tell students that two meanings for *re-* are "back" and "again."
- Point to *react*. Have students show what they do when they react to the news. Ask: In the word *react*, does *re-* mean "back" or "again"?
- Point to *recede*. Ask: When the tide *recedes*, does the water go back to the shore or go back to the sea? (back to sea)
- Point to *recur*. When an event *recurs*, does it happen for the first time or does it happen again?

ACTIVITY 2: video, videre, vidi, visum

Display the familiar words *advise, revise, vision*.

Read aloud each meaning below with the emphasis shown. Then decide which displayed word fits and to name it:

- to give suggestions based on what is **seen** as good (advise)
- to **see** something again, such as your writing, to correct (revise)
- the ability to **see** (vision)

Ask: What shared meaning is in these words? ("to see")

Teacher guides provide additional strategies and classroom activities to promote vocabulary acquisition.
